ALFREDO HÄBERLI X WARM NORDIC

”Colours should emphasise and intensify the quality of what is already there. In space, in use, in feeling and in appearance.”

Alfredo Häberli, designer

Photographer: Helge Ferbitz

Colours have always had quite a special meaning for Alfredo Häberli: from his childhood in Argentina and his studies as an architect and designer in Switzerland to his long career as a designer with his own studio in Zurich.

Working with great emotion, energy curiosity and a visionary approach, Alfredo Häberli pays great attention to detail. This has led to numerous awards and great recognition for his numerous projects in everything from exhibition design and scenography to design and architecture.

Initially, we are featuring six colours curated by Alfredo Häberli and two iconic designs: Fried Egg and Gesture Chair - the essence of Danish modernism - designed by the acclaimed Danish architect Hans Olsen.

A photograph of the Mr. Olsen Lounge Chair in a light blue fabric, positioned in a minimalist room. The chair is placed next to a large window with a white frame. A small wooden side table with a white cup sits next to the chair. A floor lamp with a white shade and a wooden base is also visible. The room has a light blue wall and a grey floor.

GENERAL MAINTENANCE AND
CARE INSTRUCTIONS

STEEL, BRASS
Steel and brass surfaces resist dirt and liquids but can rust when exposed to water. For regular cleaning, use a lint-free cloth dampened with warm water, add a neutral detergent if needed, and then dry thoroughly. Avoid chlorine-based liquids to prevent rust. Do not use alcohol or solvents and avoid abrasives like scouring creams or steel wool to prevent scratches. Warm Nordic’s brass components have a protective lacquer and should be treated as lacquered surfaces, not polished like regular brass.

GLASS
Regular cleaning: To be wiped with a clean, lint-free cloth wrung out in warm water. Add a neutral detergent if necessary. Wipe with a dry cloth. For more in-depth cleaning of decorative objects, household ammonia can be used at regular intervals. Do not use abrasives such as scouring creams, steel wool or scouring sponges as these will cause permanent scratches.

WOOD -VENEER/SOLID
Wood is natural, so it may vary in colour and structure. Exposure to sunlight can cause colour differences. Prolonged use of blankets or cushions can also affect the wood’s hue. Oiled wood: Use Guardian Wood Oil, wiping away dust with a wet cloth first. Apply the oil with a dry cloth along the grain, let it dry for 2 hours, and remove excess oil. Repeat as needed. Lacquered wood: It’s strong but susceptible to scratches. Sunlight has less effect. Clean with a lint-free cloth and warm water, and dry afterwards. Quickly remove stains to prevent marks. Avoid abrasives like scouring creams or steel wool, and don’t use denatured alcohol on lacquered surfaces. Teak naturally lightens and develops an even, dark golden tone when exposed to sunlight and air. To enjoy its beautiful patina, be patient and let it absorb sunlight. For maintenance, oil teak furniture every 3 to 6 months, adjusting based on climate and sun exposure.

LINOLEUM
Linoleum is an eco-friendly material made from natural ingredients, including linseed oil. To maintain it, avoid oil or lacquer. For regular cleaning, use a damp cloth with a neutral cleaner. Periodically, use a diluted solution of Forbo Monel. Remove stains promptly with a neutral detergent, and for stubborn stains, try soaking with a pH-neutral Universal Cleaner. Avoid abrasive cleaners, alkaline, or alcohol-based products as they can damage the surface.

MARBLE AND GRANITE
These natural materials exhibit variations in colour and pattern and require maintenance for long-lasting beauty. Marble: Due to its limestone nature, avoid acidic liquids like wine, vinegar and detergents with a low pH (6 and below). Clean with warm water and a neutral detergent, then dry. Granite: Granite, though durable, can stain when exposed to acidic or strongly coloured substances. Use a neutral detergent when needed. Cleaning with warm water and a neutral detergent helps maintain its resilience.

TEXTILE
Warm Nordic’s textiles are high-quality and sourced from leading manufacturers. For regular maintenance, Upholstered furniture should be vacuumed often with a soft mouthpiece designed for furniture. Remove stains and liquids immediately to prevent marks. Velvet textiles can be lightly brushed after vacuuming. Guardian Textile Protection minimizes stain risk. For stain removal, dab with kitchen tissue or a cloth wrung in lukewarm water; do not rub. For tough stains, use Guardian Textile Cleaner. Velvet may show wear over time due to pile tangling, which is normal and can be restored by dampening with a clean, warm cloth. Never use solvents.

LEATHER
Leather varies due to its natural origin. Protect leather from sunlight, heat, and grease. Avoid spilling greasy substances. Spot cleaning isn’t recommended as it may cause discolouration. For pure aniline leather, blot spills and lightly dampen if needed. Nubuck requires regular brushing and occasional care products like Guardian Leather Protection. Surface-treated leather can be wiped with demineralized water but not too often. Sheepskin should be vacuumed and spot-cleaned with mild wool shampoo promptly to maintain its condition.

SUSTAINABILITY & ENVIRONMENT

RESPECTING THE PAST AND FUTURE
Warm Nordic, rooted in timeless Nordic design, embraces sustainability by creating furniture meant to be cherished across generations. From 1950s and 1960s design classics to new, enduring, high-quality designs, we blend equal parts reverence for the past and future.

Warm Nordic melds design vision with a Nordic spirit, emphasizing responsible production and environmental consciousness. We’ve diligently minimized our environmental footprint from raw materials and packaging to energy use, recycling, and transportation.

Our commitment to an even more responsible and sustainable path is ongoing, as outlined in Warm Nordic’s Code of Conduct, setting expectations for suppliers and fostering a green future.

At Warm Nordic, we carefully select raw materials, suppliers, and partners. Our goal is to make more sustainable and eco-conscious choices in materials and production without compromising quality, aesthetics, or functionality.

We ensure that our wood is sourced responsibly and from responsible suppliers. We are proud members of FSC™ Denmark and actively promote FSC™ both in Denmark and around the world.

FSC (Forest Stewardship Council®) is a global nonprofit organization dedicated to promoting the environmental, social, and economic responsible management of the world’s forests. By choosing FSC-certified products, you help protect global forests. Look for the FSC™ logo in our catalog to find our certified products.

We primarily use European wood, except for teak, which comes from certified plantations with clear traceability and environmentally responsible replanting practices. All wood is sourced and harvested in compliance with the EU Timber Regulation, EUTR.

We’ve made the decision to produce all products containing MDF, particleboard, and plywood in accordance with the new TSCA regulations, ensuring low formaldehyde emissions.

All textiles for Warm Nordic’s upholstered furniture are sourced from leading suppliers, with most carrying EU Ecolabel certification, guaranteeing eco-friendly production. We only accept textiles produced in line with the REACH regulation, safeguarding the environment and human health from chemical risks.

GENERAL TERMS OF SALE AND DELIVERY

PRICES

This price list comes into effect on 1st of December 2023 and will cancel all previous price lists.

The prices listed in the price list are recommended sales prices (RRP) in EUR Incl. VAT.

Warm Nordic reserves the right to change the prices with 30 days' notice.

ORDERING

All orders must be sent by email to our customer service:
Email: info@warmnordic.com

Upon receipt of the order, we will send an order confirmation, which should be reviewed promptly for discrepancies. Faults must be notified immediately to Warm Nordic at info@warmnordic.com

DELIVERY

Courier 30 EUR.
Over size: 75 EUR.

In case of errors in delivery, please inform customer service immediately.

BACK ORDER

If an item is backordered, the order will not be cancelled. The backordered items will be packed as soon as the items are available again and will be shipped with the next order.

DELIVERY TIME

All items available in stock will be shipped within 1-2 business days of order receipt. Estimated dispatch date will appear on the order confirmation.

For non-standard or particularly large orders, the delivery time may vary.
The delivery time is stated on the order confirmation.

PAYMENT

30 days from invoice date. Standard interest at the applicable rate will be charged for late payment. In case of late payment, a reminder fee will be charged.

New customers: The first order must be prepaid.

Customized goods: For customized items, which are not part of the Warm Nordic's standard range, full prepayment may be charged.

OWNERSHIP OF GOODS

All delivered goods remain Warm Nordic's property until full payment is received.

LIABILITY

Warm Nordic is only responsible for damage caused to or by the product to things where it can be shown that such damage was due to negligence on the part of Warm Nordic or its employees.

Warm Nordic accepts no liability for loss of profits caused by delay or defective delivery due to circumstances wholly or partly outside Warm Nordic's control such as breakdown of production equipment, limited capacity, fire, strike, lockouts, lack of power and missing, incomplete or delayed deliveries from subcontractors.

COMPLAINTS

Any complaints must be notified in writing to Warm Nordic at info@warmnordic.com immediately upon receipt and documented with pictures. If the complaint is accepted, Warm Nordic will arrange for the goods to be picked up.

TRANSPORT DAMAGE

If an item is damaged in transit, this must be noted upon receipt. It should also be communicated in writing to Warm Nordic no later than 48 hours after receipt. In the case of hidden errors and defects, these must be communicated to Warm Nordic within 5 days of receipt of the goods.

DISPUTES

Any dispute concerning our trade arrangement shall be settled by arbitration in accordance with Danish law. The proceedings of the arbitration tribunal and the arbitral award shall not be made public.

TOLERANCES

Wood colour and texture can vary and change over time. Samples are therefore only indicative. Colour differences are not considered as errors, and Warm Nordic cannot be held responsible for any colour differences between products.

MARKETING

All ads, catalogue pages and other marketing material displaying the Warm Nordic logo may only be used with Warm Nordic's agreement. Printed material must be submitted for approval by Warm Nordic.

RESERVATIONS

Errors and omissions excepted: Printing errors and out of stock items.

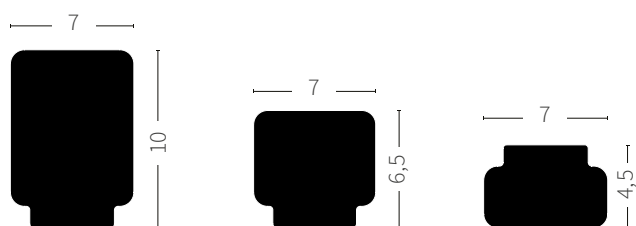

Warm Nordic reserves the right to change products or to terminate production without prior notice.
